The Kentucky Rails to Trails Council presents

2006 KENTUCKY RAILS TO TRAILS CONFERENCE

BUILDING TRAILS For A Healthier Kentucky

Feb. 17-18, 2006
 Four Points Sheraton
 Lexington, Kentucky

Co-sponsors: The Kentucky Rails to Trails Council, the University of Kentucky Prevention Research Center, the Conservation Fund, and the Kentucky Transportation Cabinet

2006 KENTUCKY RAILS TO TRAILS CONFERENCE

Building Trails for a Healthier Kentucky

The Conference

The objectives for the conference are to:

1. Understand the health, environmental, economic, and community benefits of trails.
2. Identify community partners to support trails projects.
3. Highlight lessons learned from the trail projects in Kentucky and other states.

The conference co-sponsors (Kentucky Rails to Trails Council, the University of Kentucky Prevention Research Center, the Conservation Fund, and the Kentucky Transportation Cabinet) are especially excited about this year's theme: *Building Trails for a Healthier Kentucky*. The conference will bring together diverse groups that share the common goal of improving the lives of Kentuckians through physical exercise. Rail trails and greenways provide a means to achieve this important endeavor.

Continuing Education Units

The Kentucky Society of Professional Engineers has approved the conference for six continuing education units (CEUs). CEUs for certified health education specialists and landscape architects are pending. The Governor's Office for Local Development has approved training hours for HB810.

For additional information, contact Keith Lovan at klovan@lfucg.com or visit the Kentucky Rails to Trails Web site at www.kyrailtrail.org.

Bike Savvy Techniques Workshop

Participants will receive a full day of classroom and on-bike skill development. Subjects to be covered include bike and helmet fit, basic cycling rules, sensibility and predictability, communication, lane positioning, turns and scanning, ABC Quick Check, route selection, hazard dodging, instant turns, quick stops, and other confidence-building skills. Participants who complete the final road and written test will receive a certificate from the League of American Bicyclists. All participants must be age 16 or older. Volunteer instructors are Steve and Cheryl Wyatt of Lexington. Cost is \$45 (includes materials and lunch).
